

TIME 2 COUNT

To help your children improve their numeracy skills, we've collated a few resources and links that we hope you will find useful and fun.

Maths with parents

Motivate and empower families to have enjoyable learning experiences together.

National Numeracy

Free maths activities to raise levels of numeracy and promote the importance of everyday maths skills.

National Numeracy

Tackling Maths Anxiety

Komodo Maths

Designed by teachers for families, Komodo builds a solid foundation in maths for children aged 5 to 11. It works on all devices and doesn't keep kids at the screen for long periods. Free 14-day trial.

BBC Bitesize

KS1 Maths and Numeracy

BBC Bitesize

KS2 Maths and Numeracy

Carol Vorderman's Maths Factor

NOW FREE Unlock your child's maths confidence – 4-11 year olds. Kids can watch maths videos, play games and practise – it usually costs £2 per week and is now FREE.

Moneyville

Danske Bank's **Moneyville** is a game for 5 to 9 year olds. It's based on a virtual world and aims to teach children the value of money through fun, interactive games.

The Responsible
Business Network
Northern Ireland

www.bitcni.org.uk

SMART Junior is Danske Banks flagship educational outreach programme for Primary and Post-Primary school children. SMART aims to support children and young people in becoming financially confident.

Bank of Ireland's friend **Ollie** will only be too happy to help children learn about money at home in a fun way, and help them appreciate the value of money and understand how money works.

Queen's University Belfast Maths Academy are there to help with short daily educational, fun videos for primary aged children. Each day at 10.30am they will bring a new maths video which teaches children the importance of maths in everyday lives and shows how important maths is for so many things. Videos are available on their [YouTube channel](#).

"A Smart Way to Start" by Maria Catherine Harvey

This e-book aims to start building financial confidence in children and help reduce gender inequalities.
